

## What parents say about HIPPY:

„I am always very happy about sharing experiences with other parents and also like to take part in excursions and rounds of dialogue.“

„With the HIPPY material I can support my child individually, now I know how I can support my child in learning.“

„My child has become calmer and more focused since we started with HIPPY.“

„My child can't hardly wait until our Home Visitor comes to us again to bring us new materials.“

„Learning with joy“

**A program for parents with  
children aged from  
3-6 years**

## What is HIPPY?

- HIPPY is a parent-child-program and is aimed for parents, who have children in the ages of 3-6 years.
- HIPPY is many-sided and easy to apply.
- With HIPPY, parents can playfully support the development of their child at home.
- HIPPY awakens the joy and love of learning, an important requirement for school attendance.
- HIPPY activities are fun for children and parents.
- Families can participate in the program for up to 3 years.
- Participation at the program is free.

## How does HIPPY work?

- When you participate in the HIPPY- Program you will be supported by a project employee ("home visitor") in the implementation of the program.
- She brings you new activity materials every week and shows you, how to learn with your child.
- You can meet your home visitor at home or at another location e.g. in a day care center.
- HIPPY also offers regular group meetings.
- At the meetings you can share ideas with other parents, e.g. during a round of dialogue.
- You will receive information on topics related to parenting issues and we go on excursions together.

## What does HIPPY effect?

- By spending time with your child, you will gain a better understanding of your child's strengths.
- You can see what your child is capable of, also you can accompany and support your child's development.
- Looking at books together awakens your child's curiosity and joy in early reading.
- Your child will be happy playing, doing handicrafts work and reading books with you.
- With HIPPY, you can make new contacts and find out about other offers in your area.
- HIPPY is a good preparation for school.
